A NEW SOFTNESS

The death rate among American prisoners in the Korean War — thirty-eight per cent. — may seem at first to have little significance for Rutherford High School pupils in 1963; but let us consider what caused this extraordinarily high death rate. Eugene Kinkead in the 'New Yorker' reported that these men "needn't have died in such numbers . . . Prisoners abandoned wounded comrades by the roadside. Men ill with dysentery were rolled out into the cold to die . . . some died of what was called 'give-up-itis' . . . A doctor blames 'some new failure in . . . childhood and adolescent training . . . a new softness'. The American soldier seemed lost without a bottle of pills and a toilet that flushed!"

This new softness the doctor referred to is something we must keep out of our New Zealand schools, and where it has already encroached it must be stamped out. It is difficult to detect as it enters insidiously in a hundred little ways, not significant in themselves, but cumulatively stifling: an increase in the number of notes from indul-

gent parents asking for pupils to be excused from Phys. Ed., cross-country runs, sport and so on; the easy acceptance of the role of spectator instead of participant; the selection of soft options; the failure to master any aspect of a subject that requires sheer determined effort, or which is boring; doing homework with the radio or television blaring.

The new softness will show itself in the resentment and wearing away of strict discipline. In its first three years our school has maintained strict discipline, imposed for the most part by the staff. In the coming year, however, we will enter a new phase when standards of some sort will be set by the senior pupils. They will be good standards if the pupils of sound character exert themselves and are not content to merely 'mind their own business'.

It has been said that a country gets the sort of government it deserves. I believe that the pupils of a school get the sort of school they deserve. We don't want the 'new softness' here.

STAFF NOTES

It is with regret that we note the departure of three of our staff, Mrs Warren, Mr Evans and Mr Coldham. Mrs Warren leaves Rutherford to settle for a quieter life of domesticity. We have enjoyed our associations with her and we know that the school will miss her ready participation in many phases of its activities.

Mr Evans is leaving us to take a full time course at University and we wish him well in his studies. He is another whom we will miss particularly for his contribution in music and sport.

We would like to congratulate Mr R. G. Coldham on his appointment as Principal of Samoa College. Our best wishes go to his wife and family for a pleasant stay in the Islands. In his two years at Rutherford, Mr Coldham has taken a very active part in the School's affairs and we shall miss him.

One of the changes to which we had to accustom ourselves during 1963 was the changed status of Mrs Stratford following her marriage during the Christmas vacation. Belatedly we wish her every happiness.

Staff Who Joined The School This Year

MISS BLYTH, as her Gaelic burr suggests, is a native of Scotland. She studied music at Edinburgh University before coming to New Zealand some eight years ago. We suspect that Miss Blyth congratulates herself twice a week on the wisdom of that move. Her first teaching in this country was at Dargaville High School. When we enticed her further south it was with the thought in mind that we would delete all reference to Dunedin from any social studies books that came her way, because as the lady herself says: "Guid gear gangs 'into sma' bulk", and we would like to keep her.

MR NAIRN was educated at Tauranga College and has majored in mathematics at Auckland University College before completing his training at Auckland Teachers' College. He has interests in many fields ranging from S.C.M. work to sport and vintage cars. A whisper has been heard of a scheme, dear to his heart, of installing a pedestrian crossing on the centre of the Harbour Bridge — a worthy public service of course.

MR BENDALL was educated at Sydney Technical High School and Sydney Technical College. After serving an Engineering apprentice-

ship with the Australian Gaslight Company he had some ten years trade experience in Australia and New Zealand qualifying in both countries for his Trade Certificate. Before coming to Rutherford he had six years teaching experience at Opotiki College. Mr Bendall is interested in all sport, particularly tennis and golf at which, it is said, he swings a mean club.

MISS WALLACE is a staff member to whom we say hail and farewell in one breath. She was educated at Ruawai District High School, qualified for Commercial teaching at Auckland Teachers' College and came to Rutherford from Rangitoto College. Her interests include basketball, tennis, and swimming but to these will be added, in the new year, the responsibilities of running a home, because Miss Wallace is leaving to be married. We wish her every happiness.

MISS DAVIS was educated at Kelston High School and received her Commercial Teachers' Diplomas from Auckland Teachers' College before taking up an appointment at Rutherford. Her interests include music, swimming, tennis and golf. Strangely enough Miss Davis has kept the latter interest very dark and refuses to divulge her handicap.

MR WARREN was educated at Mount Albert Grammar School, Auckland Teachers' College and Auckland University where he graduated M.A. with Honours in English Literature. He has wide sporting interests, having participated in soccer, table tennis, golf and cricket. In the latter sport he represented Auckland at the inaugural Rothman's "Under 23" Tournament in 1962, and gained selection in the New Zealand XI chosen at the tournament.

MR WOODS was educated at Tauranga College and graduated B.A. and Mus.Bac. from Canterbury University College. After completing an Honours degree in English he lectured for a year at Canterbury University College before joining the staff of Henderson High School. From there he went to Dargaville High School as Head of the English Department and then joined us at Rutherford in the same capacity. Mr Woods has been a most welcome addition to our staff for his broad range of cultural interests.

MR NEIL was educated at Auckland Grammar School and at the University of Auckland, specialising in Geography. Mr Neil has a wide range of

interests including sport, classical and folk music, travel and photography. His stay with us has been brief and we wish him luck in his ventures next year.

MRS McKAY completed a Dip.H.Sc. at Otago University before taking a post graduate course at Auckland Teachers' College. She was on the staff of Papatoetoe High School for four years prior to coming to Rutherford. Mrs McKay is a case of "absence making the heart grow fonder" because she received a very warm welcome back after her recent illness and we are all resolved to cherish her in the immediate future.

MISS COTTON was born in Samoa and spent some years in the Cook Islands before completing her education at Whangarei Girls' High and at Auckland University. She taught at Epsom Girls' Grammar and Rangitoto College before taking leave for a trip through S.E. Asia. She represented Auckland University in indoor and outdoor basketball and in tennis, so sport ranks high among her interests along with music, films, reading, and "experimental cooking" not necessarily confined to Bastille Day efforts.

NEW STAFF MEMBERS FOR 1964

We extend our best wishes to the new staff members who will join us next year.

MR G. L. BRADLEY, who comes to us from Auckland Teachers' College, and whose programme will centre round English and Music, was educated at Mt. Albert Grammar and completed his B.A. at Auckland University. His interests include music, drama, athletics and gymnastics.

MISS H. F. BURROW studied for her B.A. degree at Canterbury University and has completed an M.A. at Auckland University. Her major teaching subjects will be English and Social Studies. Miss Burrow is an accomplished musician and is active in sports, particularly tennis.

MR A. P. HOLMAN who is teaching in England at present, has previously taught at Warkworth District High and at King's College. Mr Holman will be teaching Bookkeeping, Commercial Practice and some Social Studies. His particular sporting interests include Rugby, athletics and softball.

MRS C. S. McSPORRAN, B.A., has had extensive teaching experience in both primary and post primary schools and comes to us from Sed-

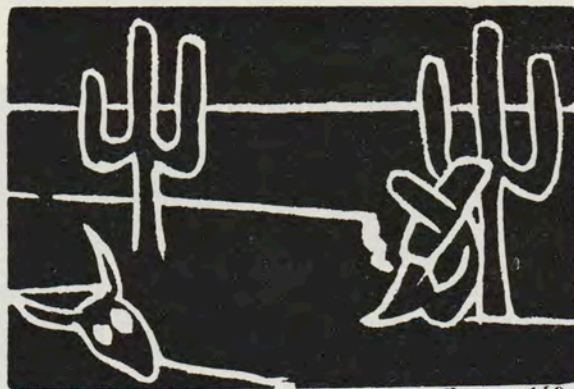

don Memorial Technical College. Her teaching programme will include Biology and General Science.

MRS J. H. MARIU joins us to take over responsibility for physical education. She has had some primary teaching experience and her most recent appointment was at Queen Victoria School. Mrs Mariu, better known in sporting circles by her maiden name Miss Waititi, captained the N.Z. Basketball team to tour Australia in 1960, is an Auckland and North Island Softball representative and a N.Z. Indoor Basketball representative.

MR D. NEEDHAM was educated at Thames High School and is completing a B.Sc. degree at Auckland University. His teaching programme will include Biology, General Science and Mathematics. In addition to sports, his particular interests are chess and astronomy.

MISS M. E. RUSHBROOK was educated at Auckland Girls' Grammar School and completed a B.A. degree at Auckland University before completing a Teachers' Certificate at Auckland Teachers' College. Miss Rushbrook's teaching programme will include History, Geography and some Social Studies. Miss Rushbrook's interests include drama, debating and sports.

MISS M. J. SOUTHBY was educated at Te Kuiti High School and completed an M.A. degree at Auckland University. Her major teaching subjects are English and Social Studies. Miss Southby is interested in library work and in sport, particularly hockey.

STAFF CARS

The school car-park is a most interesting place. Each day, regimentally lined up all along the front of the school, are the conveyances which afford the transport to and from school, for most of our teachers. It is fascinating to observe which type of car goes with which type of teacher.

First, in pride of place – our Principal's car. Here we see a late model, prestige vehicle of contemporary colour scheme, and it makes a very impressive appearance. And one should not be deceived by the frequent absence of this car from the car-park; this only means that the Principal has managed to get a lift to school with someone else.

Then there is the Senior Science Teacher who prefers not to display the progress of his pet subject; he likes his old, reliable Henry Ford.

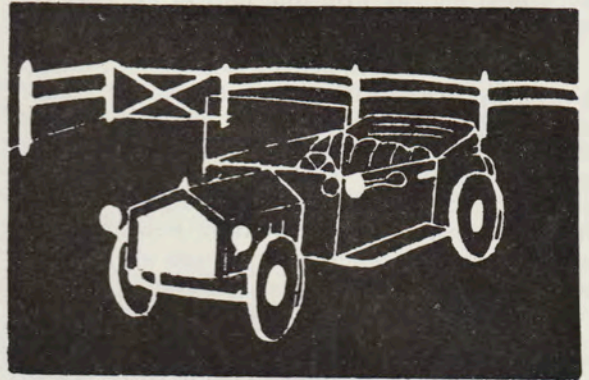

Another Senior Staff member who runs the Social Studies Department drives a convertible (not that he converted it) but then how do we know that Julius Caesar did not ride about in a convertible chariot – it's just the fashion.

Let's go Continental with Monsieur, the French Teacher on his motor scooter (if there's one thing that he likes – it's 'a burn up with a bird up on his bike' – or so Mrs Joass affirms.)

The station-wagon finds its place, as always, and this seems to come in handy for use as an ambulance on occasions.

A shining new, sleek saloon suits the Latin teacher, far from the horsedrawn chariot of the Professores. Ask her anything about her car and the only answer you get is: "It's paid for."

A certain married couple on our staff like to remind themselves of the day and age they were born in, but there is plenty of room in the back for when it becomes necessary.

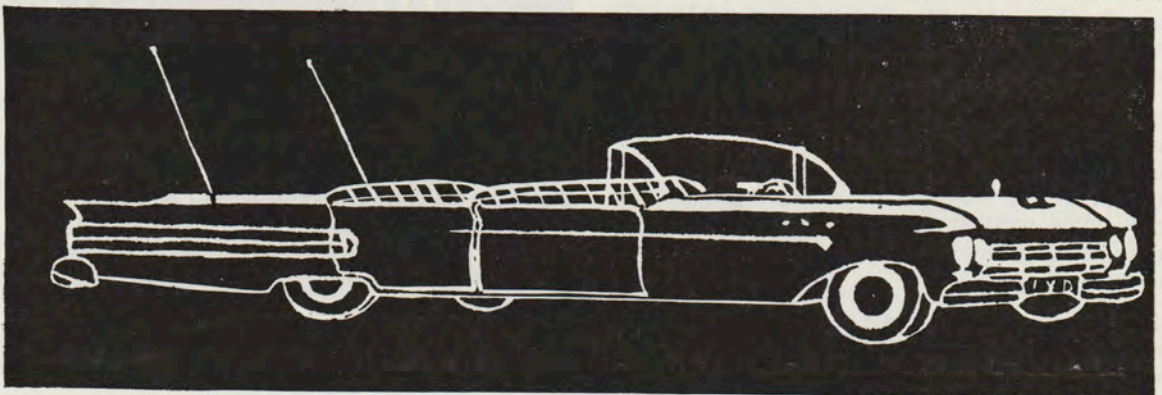

One English Teacher usually gets his wife to drive him to school, and then she takes the car home again so that he does not forget which car is his, or lose the keys – the fate of some of our exercise books which he marks.

Then there is our inevitable fleet of Mini-Cars; one such vehicle being so erratically driven that pupils scatter all over the school drive when it roars in in the morning, and it has been suggested that we leave the Foyer doors open in case it fails to stop at the kerb one day.

The element of rust in one teacher's car may indicate that he is colour blind, although it might not be expected of an art-teacher.

Then we come to a crafty teacher, who hides his vehicle behind the technical block so that no-one can see the poor, old, tortured machine—decorated with large red stars to cover the rust. And so our cavalcade of cars continues.

But there is always room for the good, old gallant, dashing reliable vehicle of the thirties. These faithful old buggies hold together loyally as the

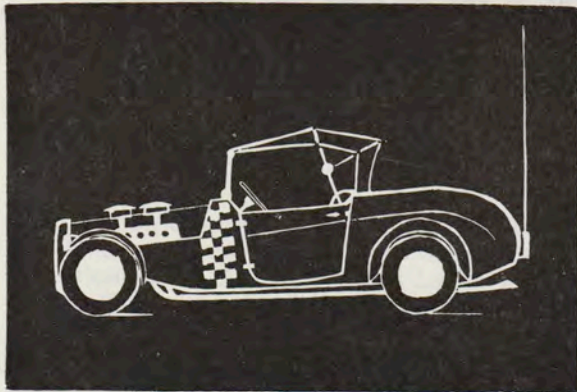

newer vehicles put them to shame. They may not be six cylinder high performance, they may not be capable of turning around in their own length, but a certain Social Studies Teacher enjoys all the adventure of pioneer motoring with his overheating "Lizzy". Besides, you never see any other car being lustily pushed down the school drive at twenty to four in the afternoon by eight fourth form boys in the hope that it may oblige by roaring to life amidst a cloud of blue smoke. If this happens the fourth formers finish up flat on their faces!

But beware of "Herby's Trouble". This is the most jerky, bumpy, back-firing type of transport that a modern car is capable of giving. And only one car in the school can do it: that of the unfortunate P.E. Teacher who graciously gave his name to this curious diagnosis of malfunction.

Yes, these are the machines that are indispensable in the running of our school, yet even now, some teachers prefer to walk.

May I add one last candid comment in epilogue to my malicious raid on the vehicles of our staff: For as long as pupils are not allowed to take their cars to school, we may rest in peace—knowing that the pride of our teachers will not be hurt.

ACKNOWLEDGEMENTS

I would like to acknowledge the work put into the preparation of this magazine by: Miss Davis who deciphered and typed the staff's cacography, and typed the pupils' notes.

Mrs Warren, who collected and edited the original contributions.

Mr Pryor who collected and edited the sports articles, and Miss Corston who beamed encouragement while chortling at having passed the buck.

BOARD OF GOVERNORS

The first full election for the Rutherford High School Board of Governors was held in July of this year. There were seven nominations for five parents' representatives and nine nominations for the three school committees' representatives. A very heavy poll showed a great degree of interest in the election. Mrs Diver, Squadron Leader Pugh and Mr O. Jones were re-elected as parents' representatives, and Mrs Parr and Mr Brannigan joined the Board for the first time. In the poll

for the school committees' representatives, Mrs Rumble and Mr Hill were re-elected and Mrs Farlow joined the Board. At the first meeting of the new Board, Mr Hill was elected Chairman, and Squadron-Leader Pugh Deputy Chairman.

The School would like to extend its thanks to the retiring members of the Board, Mr Jones-Parry, Mr Yelavich, and Mr J. Jones for the work that they have done while serving on the First Rutherford High School Board of Governors.

GIFTS TO THE SCHOOL

We would like to acknowledge the following gifts to the School during the year.

Mr R. Jones-Parry, the first Chairman of the Rutherford High School Board of Governors, presented the School with a very fine lectern.

Sir Ernest Marsden gave the School a number of photographs of awards earned by Lord Rutherford during his lifetime.

Mr J. W. Manifold made a further donation of £5 for the establishment of a swimming prize.

Paul's Book Arcade gave a donation of £3 for the purchase of prizes.

The following donated books to the library: Mrs N. W. Brailey, Mr L. J. Yelavich, Mr D. C. Bartlett, Mr P. J. Hill, Mr N. Krissanson, Mrs R. H. Earl, Sqn.-Ldr. Pugh.

Rutherford Memorial Day

Rutherford Memorial Day was a peak in the history of the school, for a number of reasons.

In the first place, the School was honoured in having such a distinguished scientist as Sir Ernest Marsden as the guest speaker for the occasion. As he had worked with Lord Rutherford for a number of years, and been a close friend of the great scientist, Sir Ernest spoke with authority and insight on the life and character of Lord Rutherford. He included in his address, lively anecdotes about Rutherford's boyhood, and also gave his audience some idea of Rutherford's achievements as a scientist, emphasising that he was involved in many other aspects of physics than the splitting of the atom, although this may have been his greatest single achievement. Few people realised that he made a major contribution to the invention of the Geiger counter and to radio physics.

A number of eminent men and women connected with science and education attended the ceremony to hear Sir Ernest's address. Among the guests were: Sir Douglas Robb, Chancellor of the University, Professor P. W. Burbidge, Emeritus Professor of Physics, Mr Alan Thom, Dis-

trict Senior Inspector, Mr A. D. W. Woolcott, Principal of Henderson High School, Mrs M. A. Roberts, Supervisor UNESCO Asian Project, Professor D. J. Hooton, Professor of Physics, and Group Captain A. P. Gainsford.

One of the main reasons for the staff's pleasure in the occasion was the exemplary behaviour, and self control of the School throughout the occasion. This, of course, might be taken for granted, but it deserves a special mention, as there is always satisfaction in doing a job superbly well; the floral arrangements, uniforms, general steadiness, and the quality of the singing were excellent.

After the ceremony, the guests moved into the music room for light refreshments and then on to the home-life block for a superb luncheon of crayfish with a variety of salads followed by chiffon pies and coffee.

The Staff's anticipation of the delights of the luncheon and so on, had earlier been tempered by the thought of a 'normal' afternoon's timetable, so they joined with the pupils in their heart-felt thanks to Sir Ernest for asking the Principal to proclaim a half holiday.

Grounds and Buildings

Behind this somewhat austere heading lies a very full and comprehensive programme of solid work accomplished.

Block IV, which was begun in 1962, was completed for the second month of Term 2, and gratefully occupied by classes and teachers, all of whom had put up with very temporary accommodation—in the foyer, on the stage, at the back of the hall, in the primary prefab, in the Phys.Ed. store, in the Boy Prefects' Room, and outdoors on suitable days. This fine new block of ten classrooms, a chemistry laboratory, and a biology laboratory, gave us a new lease of life, and its heating services are as efficient as those of the rest of the school.

Prefab "A" became the Tuck Shop, and after suitable rearrangement opened in Term 3 to provide for Rutherford Pupils' "Inner Man".

Prefab "B", also shifted to a new site, now serves duty as a Sports Store and Pavilion.

As we go to Press the profiles for Block V have been set out and the foundation trenches dug. Negotiations for the extension of Block II are being undertaken with the Contractors "M.B. & M" Builders, who so far have successfully tendered for all our School buildings. Block V should add another eight classrooms, two laboratories and a new library. The present library will then become a further large social studies room. Extensions to Block II will add two rooms for the art department, and the present Rooms 22 and 23 will become the commercial headquarters with office accommodation.

The result of all this should provide us with enough rooms for over 1000 pupils.

In the grounds, a wait of three years has at last produced playing fields which could be used in the winter term, for the first time. The mole drains cut in 1962 settled down and worked well, while a good sward of turf-forming grass gained

a hold in the autumn. Two football, one hockey, and one soccer ground came into use. A well-erected nine foot fence at both North and South ends bordering the mangrove swamps has curbed the wilder hits and kicks of sports teams. There was nearly a casualty, when the forty-two foot high Rugby football goalposts were being erected; yet they remain, well into the spring term, as a job well done.

Initial preparation for four new tennis courts, has been done on the lower south east corner, and these should come into use in February 1964. Present Drainage Board trenches and manholes have encircled this work and proceeded along the north-south batter and diagonally, from the septic-tank "mushroom" up to the front entrance. A second seal on the existing asphalt roads and driveways will soon obliterate the evidence of most of this, and with no further need for the irrigation trenches and septic tanks, the playing fields can be set out again so that more use will be made of them.

Along with all this a comprehensive planting programme is already under way. Over 400 trees

and shrubs have been planted around the periphery, along the main driveway, in the shrub border, and in the courtyard. Two lily pools were constructed from left-over drainage pipes, acquired at the lowest possible price, and these have been surrounded by rockeries backed with weeping cherries. In the foreground a weeping elm gracefully clings to life, and steadily gains strength. Plans are afoot for the construction of suitable entrance gates to adorn the main driveway and bus loading area adjacent to Kotuku Street. Permanent paths have already been laid in concrete to give walking access, while around the newer buildings, topsoil, drainage, and levelling is taking place in preparation for autumn sowing.

In all, a pleasing unity is being accomplished, with building line and grass verge meeting colourful trees and shrubs to give harmony; the temporary collection of builders' shanties, the noise of hammers, the apathy of shovel leaners, the drone of bulldozers have effectively brought about this transformation from farmland, swamp and the ubiquitous mud.

THE ORATORY COMPETITION

The oratory competition was judged this year by several people. Miss Corston judged the 3rd form section, while Mr Dan Finnigan and Mr and Mrs Alan Kirk judged the senior. We would like to thank the judges most sincerely for this service and the wise and useful advice they gave the competitors.

Two pupils, Tony Hunt and Stephen Perkinson, went on to the intersecondary school oratory competition organised by the Lions at Henderson High School but failed to gain places. We profited from the experience, however, and hope that with greater maturity we will do better against the stiffer opposition next year.

The successful competitors in the School's competition were:

Senior Prepared Speech: Carol Cater.
Senior Impromptu: Meralyn Osborne.
Junior Prepared Speech: A. Hunt.
Junior Impromptu: A. Hunt.

THE TUCKSHOP

The most important event in the school year as far as the pupils were concerned was the opening of the Tuck Shop at the beginning of the third term.

CHARGE OF THE RUTHERFORDS

(Apologies to Alfred Lord Tennyson)

Half a league, half a league, half a league
onwards

Up to the Tuckshop surged the six hundred,
Forward the shouting kids,
'I'm going first!' yells Sid,
Up to the tuckshop, skid
The six hundred.

One more push, one more push, one more push
onward,

To get to the Tuckshop tried the six hundred;
We're going to have fun,
Is there no chewing gum?
I'll have a sticky bun,
Yelled the six hundred.

Half a league, half a league, half a league
onward,

Ambling to school return the six hundred,
Chewing with all their might,
Faces a sticky sight,
Waistbelts all feeling tight,
Greedy six hundred.

PRIZE GIVING, 1962

A large crowd of parents and friends of the School gathered for the Annual Prize Giving Ceremony. The Principal's report dealt with the need to protect the very talented pupils and he spoke of the introduction in 1963 of an Advanced Placement Course designed to accelerate a selected group of pupils.

The guest speaker for the evening was Mr L. P. Leary, Q.C., who gave a delightfully light-hearted address drawing on his own youthful experiences at school and during the 1914-18 war.

FORM PRIZES

- 4L: Robin Brown 1st (First in Social Studies and Science). R. A. MacMillan 2nd (First in English and French).

THE LIBRARY

Our aim in stocking the library is to present an abundance of the best books that the pupils are capable of liking. Over 800 new books have been added this year and the shelves are beginning to look properly stocked in spite of the heavy borrowing that continues.

In the fiction we started the year with a special section for fifth formers which the third and fourth formers gazed at as the cow does the next paddock; but recently most of these books have been added to the general section, with only a few being kept to form a sixth form section next year. All fiction is now marked Form 6, Senior, Intermediate, Junior, and Easy Reading, to help sensible pupils find suitable books. By sensible pupils we mean those whose hopes have been dashed in finding that 'Senior' is not a synonym for 'Sensational' and that 'Junior' is not synonymous with 'Juvenile'. Indeed, the two most popular books in the school with almost all third and fourth forms, the *Splendid Journey*, and *The Silver Sword*, are surprisingly Easy Reading; and form six, next year, will find that their section contains neither *Lady Chatterley's Lover* nor the *Private Life of Salvador Dali*, but is composed of books written in a difficult style or those with mature and difficult concepts not easily grasped by younger readers.

On the reference side we have added about 500 books of general interest and the *Encyclopaedia Britannica*; and we have in stock a number of expensive books requested by the teachers of next year's form 6.

The new H block, which is going to contain a two-roomed library, is now under construction

in the area behind room 9, and will be ready sometime next year. One of the library rooms will be a general library, and the other a reference library, which we hope will be used extensively by form 6.

The library committee was re-formed in the third term, and has achieved a new lease of life. The back room is now a seething hive of book repairers, sign-writers, display makers, and carders, in the middle of whom we find Mrs Parker, efficient and unruffled as ever. The School is indeed fortunate in having such an able librarian, who finds time to guide all who ask her. The staff, too, extends its thanks for help and patience.

LIBRARY COMMITTEE:

C. Brownlees, I. Byrd, Beverley Crisp, W. Crisp, G. Dunn, M. Earl, T. Earl, K. Eagle, Thelma Flynn, P. Gill, C. Gregory, K. Henwood, A. Hunt, Susan Irvine, P. Johnston, Dianne L'Amie, J. McCarthy, D. McInnes, Christine Morris, Sandra Murray, Joanna Perkins, R. Petrie, Brenda Prior, G. Scott, B. Strid, H. Van Sitter, A. Vickers.

DRIFT-WOOD

Tossed by the wind and sea to the shore,
Dashed by the force of the waves on the sand,
Flung at the cliffs at the height of a storm,
Far from the shores of its own native land.

Twisted and warped and bleached by the sun,
Smoothed by the swirl of the waves and the sand,
It may be the oar of some storm-flung ship,
Swept from the shores of its own native land.

Our Sponsorship Scheme

This year we have expanded our activities and are now sponsoring twelve children, one family, and a youth club. The sponsorship fees have cost us £231. The value of presents we have sent in money, blankets, milk powder and clothes brings our total to more than £300. By the end of the year we will have sent six tea chests of clothes and blankets to Korea, one to Greece, and one to Hong Kong. Most of the clothes sent to Korea have gone to the In Po Kwan clinic which is the Save the Children Fund Clinic, supported by Auckland. We have also sold more than £200 worth of SCF Christmas cards and at our recent Rice Bowl Appeal raised the satisfying sum of £38. Our sponsorship activities are financed mainly through the 3d a week levy which most of our members pay regularly and willingly.

Our committee has decided this year that it would be more interesting to list the classes who belong to the scheme and tell you something about their children.

51 **Heinrich Worgotter**. Heinrich is an Austrian boy who lives in an orphanage. He writes very cheerful and interesting letters and describes his skiing, mountain climbing and soccer playing at great length.

51 and 52. **Pak Ki Jo and family**. This is a very poor Korean family. The father has TB of the chest. The two eldest girls gather waste paper to sell (just like us). There are six children from eighteen years down to six years. This is a very recent sponsorship and so we have not yet received any letters.

53. We received advice from the Hong Kong Family Welfare that our first child **Fun Yung Ming** did not need our sponsorship any more as he had been placed in an orphanage. We were sorry to lose him. However, they chose in his place the family of Siu Foon. She is partially blind; her eldest son aged 20 has TB and her two other children (10 and 13) are at school.

"My daughter works in her spare time assembling plastic flowers. She is paid 6d. to 8d. a gross. I am now renting a disused pig sty for which I pay £2 5s. a month. The owner has been kind enough to lend me a bed as I did not have one of my own."

54 and 3L. **Efthimia Adractor**. Efthimia is a little Greek girl whose father is sick with a stomach ailment. Efthimia has been very ill, too. Here is a photo that we received from her

recently. "I would like to be with you and live with you."

3/4A and 4L. **Hwang Jong Oh**. We wrote to Hwang Jong, a little Korean boy and asked him to tell us what he needed. "Now I have no sleeping blanket, so I want to receive that. Please send that to me. I am very sorry." (We sent him some clothes and some blankets).

4S1. **Arthur Steele**. Arthur is a European boy living in India. We have received several letters from Mrs Steele this year. In one of them she describes the prices of foods which we take very much for granted in this country. e.g. butter 9s. 8d. for a lb. tin! Mrs Steele was very appreciative of the Christmas presents she received from last year's class and we are sure Arthur will enjoy his presents this year too.

4S2. **Lee Yung Sang**. Yung Sang is a Hong Kong boy aged 13. "My father is now earning 8/9d. a day so we are very much better off now. I am staying with friends in Kowloon and attending school there. Father thinks I am better off this way for there are quite a few bad boys around and about where we live and he does not want me to mix with them."

4S3 and 3S3. **Leung Chan Kay**. Chan Kay is also from Hong Kong. He is nine. "In the last term's exam I placed 11/45. Averaged 80.53. Con-

duct A— I have been promoted. Do you fly kites in New Zealand? What are they made of?"

4C. **Emily Perivolariki.** Emily is a Greek girl who writes very affectionately to her godmothers. "My beloved godmothers. I write to thank you for your letter and your beautiful gifts. I have received your blankets, the food parcel (bought by the Greek Welfare Society from our Sponsorship money) and the parcel of clothing and I thank you sincerely . . . I embrace you."

4T2 and 3T2. **Thika Youth Club.** This is really a School in Kenya where African boys receive trade training. The wages of the teachers have to be found by private donation and our Technical boys contributed £15 towards this admirable object. We have recently received advice from the District Commission of Thika that the responsibility for the maintenance of the school will, in 1964, become the responsibility of the town council and he has asked us to consider transferring our support to a home which was started in 1962 for crippled children. He enclosed some photographs, one of which we produce below.

3S2. **Mahmut Karavin.** Mahmut is a Turkish boy. His family is very badly off and clothes in Turkey appear to be very expensive. A warm coat

for Mahmut would cost about £8. His sister would like to go to school but there is insufficient money. Her eyesight is very poor. Another brother is crippled.

3S1. **Chui Wai Bing.** Wai Bing is a Hong Kong girl aged 8. We sent her 10s earlier this year. With this money she bought her first pair of new shoes. We hope to hear from her again soon.

3C1 and 3C2. **Lau Loi-Tae.** "Loi-tae was thrilled to receive your parcel and the child and her mother had so much fun opening it. Clothing is extremely useful and always most welcome to these poorer families. They suffer a great deal for their houses cannot keep out the cold and their food and clothing are inadequate.

We wish to thank Henderson Dry Cleaners for dry cleaning woollen garments free of charge. Their gesture is much appreciated.

THE PASS

He wearily dumped down his dirty old swag,
And lay back in the cool, green grass,
Looked back at the rise of the bush-clad hills,
And the glitter of snow on the pass.

He rigged up his billy and started a fire
With bracken and sweet-smelling grass.
And the fire was set dancing like something alive,
By a wind that swept down from the pass.

A dead branch of manuka stirred up his tea,
The daylight was dying at last,
And turning he looked up, with reverence
At the sun setting low on the pass.

He was gone next morning and nothing was left,
But a dent in the wind-mown grass,
And away in the distance, alone and aloof,
The clouds drifted over the pass.

THE INDESCRIBABLE

No words can tell of it.
It is like the dawn and the dusk
And yet it is not;
It is like a bay at sunrise
With the sun on the sea
And yet it is not;
It is like the "clash" of the cymbals
The defiance of the trumpet
And the wild voice of the gypsy violin
And yet it is not.

"THE BALLAD OF PAUL HUNT"

Alone he came towards the three,
Paul Hunt, the mighty, tough as a tree,
Three toughs from school faced him there,
On top of the Rutherford Library stair.

There came a yell, a scream of fright,
Paul Hunt had knocked one out of the fight.
Two more came up and leapt on Paul,
But he still stood there, straight and tall.

With a mighty heave, a wheezing grunt,
He threw them off. That's old Hunt!
One fell back and hit his head,
One more to go, or Hunt was DEAD:

The last came on, a chair held high.
Hunt's nerve broke, he gave a cry,
He ran for his life. At least he'd tried.
His friends would have wept if he had died.

IMAGINATION

Imagination is the mental faculty which decorates our hard, harsh life with softness. Imagination is one of the few means of separation from reality when reality becomes boredom or monotony. It spans the gap between those things that we have and those things that we would like to have; between those things that are material and those things that could never become material. It holds many secrets; it creates many new ideas and improvises on old ones.

Imagination can take us on a long journey into faraway unheard of realms, yet we never move an inch. It can create the perfect conditions for our existence, but they could never be real.

Imagination is the source of originality and the process of realisation. Imagination ignites inspiration, which in turn activates cogitation, until the final stage of the cycle has been achieved — aspiration — to reality.

Imagination is the very quintessence of progress in this world. The imagination of men right through the ages has given the benefit of science, literature and art, and has opened, for us, new channels of advancement and evolution, and has made us think.

He that has no imagination is purely a material being, because imagination, only, can enhance life, provide entertainment, enlightenment, and joy of life.

He that restricts the boundaries of his imagination is killing a wonderful thing — creation, the

art of making something which did not exist before. He has no basis, then, for humour, joy, or appreciation.

JOURNEY BY THE EXPRESS

An express is a messenger. The horrible concoction of scrap metal, which met our eyes was definitely a messenger. It was a messenger of bad tidings, of ill-concealed hatred. From the depths of its abdomen came a breath of steam, an indication of its temperament.

After the wild excitement of clambering aboard, through a door which would hardly have accommodated a small snake, let alone a stampede of fiends, the iron-hard seat came as a relief. At that moment a shrill whistle sounded, a voice shouted, and at last we were away. Ten minutes later the guard's van picked up speed. Speed? Well perhaps!

As the train approached its first tunnel the more wily passengers crawled into sleeping bags; the unseasoned merely choked. The next ordeal was that of crossing a bridge. The more wily passengers alighted and walked across; the unseasoned merely shook like jellies, while the train in conjunction with the bridge, shook like an iron blancmange.

When informed that the lights would shortly go out, the wily immediately jumped into their faithful sleeping-bags, curled up in a comfortable position and went to sleep. We, the unseasoned, fiddled around, looked for lost blankets, tripped over superfluous luggage and entwined ourselves in the darkness. As we "settled down" the seemingly cuboid wheels beat out a strange tattoo. "To sleep, to sleep, to sleep, must rest, must rest, must rest, fatigue, fatigue, fatigue, I must, now go, to sleep, how long, can this, go on." Much later merciful oblivion clouded over this beat.

On waking I found it was time to get off. The reverse procedure of getting on was effected and then the inevitable "Did you enjoy your trip?"

"Oh, lovely thanks."

"Wonderful—this modern communication."

"Yes. Have you seen Milly?"

"No, I'm afraid I haven't."

"Wonderful trip, oh yes, absolutely — marvellous!"

GREAT AUNT MATILDA

The light from the candles in Aunt Matilda's room flickered across Harvey's face, making him look more evil than he really was. His Great Aunt Matilda lay in bed. She was a very old woman, but you could see that she must have been a great beauty in her day. She smiled at her nephew weakly and closed her eyes.

The time had come. Harvey moved across the room stealthily, and stopped when he came to his Aunt's side. He stood for a moment deep in thought and then with a quick movement, his hands encircled his aunt's throat. She didn't make a sound.

Her face turned blue, her normally beautiful green eyes turned into pools of horror. Without struggling she died an agonising death . . .

"Well," said the lawyer, clearing his throat, "shall we start the reading of the will?"

Harvey sat forward in his chair expectantly. He needed the money desperately to pay a gambling debt. His Aunt's death had not been looked into, because, as she was such an old woman, everyone had expected her death at any time.

The lawyer cleared his throat again. "Your Great Aunt requested that unless you out-lived her cat, you would receive no money, and it would all go to a cats' home and to the care of her cat.

That night Harvey decided that the time had come to be rid of the cat. He put poison in its milk and sat down to wait.

Nothing happened for a while; but after a long wait he heard a scruffling sound by his leg. The cat stood there with an evil glint in its eyes. Harvey made a grab for it, intending to strangle it, the way he had strangled his Great Aunt, but the cat scratched his hand.

Harvey cursed at the cat loudly and chased it into the garden. The cat jumped up on to the edge of the well and Harvey walked carefully towards it. When he reached the edge of the well he started to reach for the cat. The cat hissed, and then Harvey felt a cold hand on the back of his neck. He screamed with fright but before he could make a move the same cold hand pushed him and he fell to a watery grave . . .

With a smile Aunt Matilda stroked her purring cat and faded away.

RUNAWAY

The day was calm and refreshing, the valley isolated and serene as I strolled aimlessly over the springy heather. I was contemplating on this air of peacefulness when suddenly I heard, coming towards me, the dull thud of hooves.

I knew no one would be riding so recklessly over the treacherous heather and I stopped, alarmed.

Suddenly, over the brow of the valley galloped a pony. Round its neck was tied a cruel-looking rope that bounced and clawed at the undergrowth as he galloped along.

The pony was in imminent danger. If that rope caught on to a bush and held, he would break his neck or his legs.

I started towards him and, as I ran, I yelled at the top of my voice to try and stop him. As the pony saw me, he swerved and tried to pass on my left. I threw my walking cane at him and again he swerved and started up the side of the valley.

I knew that it was too steep for him to gallop, or even canter up and by then he would be worn-out and I hoped, more docile and amenable enough to allow me to release him from his unwanted harness.

TWENTY-FOUR HOURS TO WAIT

It is raining outside and the usually dusty road has become a sea of mud. I look through the bars of my prison cell down to the road, and my eyes wander to the distant grave-yard. There, many days ago, the mourners had gathered, mourners paying their last respects to the man I had killed.

On the table across the cell is a jug of water and half a loaf of dry bread. They have lain there untouched since I arrived, for I feel I cannot eat. I have only twenty-four hours to wait — just twenty-four more hours before I go to the rope to be hanged. I feel as if I am living in a dream; I do not hear the prison warders enter and leave my cell, and my bed lies untouched. The chair opposite me I have not used since I arrived. My coat hangs on it, and although it has been bitterly cold all the five days and nights I have been here, I have not worn it; even in the cold I am hot with fear and on my head are drops of feverish perspiration. I try to make myself believe that I am dreaming, that I shall wake up at home again. Several times I have dropped to the grey stone floor in a kind of sleep, a dreamless sleep from which I have woken unrefreshed, for at heart I do not really sleep at all.

A sound penetrates my silent world, the sound of keys rattling and a heavy door grating open along the corridor. Another prisoner's time has expired and he will live again as a free man. In my disbelief of my own situation I do not even envy him.

A mouse scampers quickly across my cell. To me now, here, it is not a pest, not something to be looked down upon, but a friend, a fellow prisoner. Now my enemies are my friends and my friends turn away from me in hate and disgust.

I am afraid to die. I cannot bear the thought that I die an outcast and that I die at the request of others.

A minister has just entered my cell. He sits down on my bed and beckons me to join him. I do not move. His presence is only part of the dream. For me he is not there at all. The next moment I feel a hand on my shoulder and I jump with fright. I sit down but do not hear what he is saying for I have lost all the faith that I ever had.

I hear my door clang and footsteps fade away down the corridor. I get up slowly and go over to the bars and once again look down on to the muddy street where I used to play as a child.

Then I was outside and those people inside were monsters to me; the prison was a place I feared. Now, from within I look out at the children playing as I once played. The rain has stopped. Today is the last time I shall see the rain and the children playing.

A STORMY NIGHT

The wind whistled around the house like a host of banshees. Windows rattled, doors slammed, and the whole house shook before the fury of the raging storm. The cat covered close against the wall of her basket, jumping every time a fresh blast of wind threw the falling hailstones against the window. Lightning flashed, lighting up the room for one tenth of a second; thunder rumbled and crashed across the sky like an army of beating drums. Cold streams of air rushed in under doors and around windows, causing the dying embers in the grate to flare with sudden energy.

Slowly the terrible noise lessened, until once more peace reigned over the dark night and a pale, watery moon broke through the ragged clouds, to bathe the house in a ghostly light. All slept again.

APOLOGY FOR MY REPORT

I know it said 'execrable', but —
I was ill half the time.
Somebody must be bottom —
I couldn't hear the master speak when—
I was sent out all the time—
The standard rose so much—
They moved me up too fast.
Perhaps there was a mistake—
I can't help not being master's pet.
The new master doesn't know where we are—
Half the tests weren't marked—
The boy behind me—
Nobody explained anything—
My pen—
When we should have been learning, the boys—
I couldn't remember.
How can we work with the windows rattling?
The master jumps on before we're ready—
I was never good at . . .

Does it matter?

SWIMMING

THIRD ANNUAL SWIMMING SPORTS

A feature of the Rutherford High School's 1963 swimming championships held at the Avondale College pool, was the success of T. Beaton, an intermediate who swam senior and won the section. Other good performances came from M. McVicker who won the intermediate section for the second successive year, and Marianne Sinclair who won the girls' intermediate title after having been junior champion last year.

The following are the results of events.

Championships:

Senior Boys:

T. Beaton 1, T. Shadbolt 2.

Senior Girls:

G. MacDonell 1, M. Brosnan and S. Fleming equal 2.

Intermediate Boys:

M. McVicker 1, S. Maurice 2.

Intermediate Girls:

M. Sinclair 1, D. Kelsall 2.

Junior Boys:

R. Maurice 1, D. Honey 2.

Junior Girls:

C. de Forest 1, A. Pike 2.

Champion House: Williams.

Runner-up: Batten.

Junior Boys:

55 yds backstroke: D. Honey 1, R. Maurice 2, M. Donaldson 3. Time: 46.2 sec.

55 yds breaststroke: P. W. Johnston 1, C. Strid 2. Time: 54.7 sec.

55 yds freestyle: D. Honey 1, R. Smith 2, R. Maurice 3. Time: 36.3 sec.

110 yds freestyle: R. Maurice 1, R. MacDonell 2, J. van Sitter 3. Time: 1 min. 24.9 sec.

Junior Girls:

33½ yds backstroke: C. de Forest 1, E. Brannigan 2, Y. Willering 3. Time: 27.5 sec.

33½ yds freestyle: C. de Forest 1, P. Sculpher 2, N. Hamilton 3.

33½ yds breaststroke: A. Pike 1, D. Papps 2, N. Hamilton 3. Time: 33 sec.

Intermediate Boys:

55 yds backstroke: M. McVicker 1, S. Maurice 2, A. Ryan 3. Time: 41.9 sec.

GIRLS' INTER-SECONDARY SWIMMING

The school team performed creditably this year when it took part for the second time in the Inter-Secondary Girls' Swimming Sports.

Gail MacDonell won the Senior Diving Championship and Marianne Sinclair won the Intermediate Breaststroke event.

The team consisted of:—Gail MacDonell, Marianne Sinclair, Meridee Jordan, Penelope Methven, Penny Mitchell, Paula Sculpher, Denise Kelsall, Donna Papps, Carole Macdonald, Rayna Beaton, Cheryl de Forest, Ann Pike, Nancy Hamilton.

SWIMMING

Back Row: J. Pugh, M. Smith, Rayna Beaton, M. Donaldson, Meridee Jordan, D. Honey, Christine Macdonald, S. Maurice, J. Van Sitter.
Middle Row: Mr Berridge, Donna Papps, W. Kay, Penelope Mitchell, J. Culverwell, Denise Kelsall, R. Smith, Paula Sculpher, J. McDonald, Penelope Methven, Miss Corston.
Front Row: C. Strid, Ann Pike, R. Maurice, Marianne Sinclair, T. Beaton, Gail Macdonnell, M. McVicker, Cheryl de Forest, C. Brady.

BOYS' INTER-SECONDARY SWIMMING

On Friday, March 8th, Rutherford High School competed for the second time in the Inter-Secondary School Swimming Championships' C section. Our Intermediate team did very well to gain second place in the points competition; and both intermediate and junior swimmers gained a number of places in their various events.

The successful competitors were:

J. McDonald, 3rd in 55 yds Intermediate free-style.

T. Beaton, 2nd in 55 yds Intermediate back-stroke.

M. McVicker, 3rd in 55 yds Intermediate back-stroke.

McDonald, Culverwell, McVicker and Beaton, 2nd in the Intermediate relay.

D. Honey, 3rd in 55 yds Junior backstroke.

Intermediate team: M. McVicker, J. Pugh, J. McDonald, C. Brady, S. Maurice, T. Beaton, J. Culverwell, M. Smith.

Junior Team: M. Donaldson, C. Strid, R. Maurice, J. Van Sitter, D. Honey, R. McDonell.

W. Kay was our only entrant in the Senior Grade.

ATHLETICS

THIRD ANNUAL ATHLETIC SPORTS

The third annual Athletic Sports were held at Te Atatu Park on Wednesday, 13th March. The sports provided a programme of events for a wide range of ability and age groups. Although a gusty wind caused some annoyance, the ground

conditions were excellent and records tumbled like heads at the guillotine. Our congratulations go, not only to those who gained championship honours and places in the events, but also to all who 'had a go' and, by participating, tried to make the sports a truly *School Sports*.

Williams 397 $\frac{1}{2}$ points.

PUKEKOHE ANNUAL ATHLETIC SPORTS

On Saturday, March 20th, at the Dan Bryant Memorial Sports, our boys' athletic team had its first warm-up for the 1963 season. The weather was not the best and stiff opposition from schools from many parts of the North Island proved too good for us and the only places we took were in the Junior Hurdles (B. Milham, 1st in 14.1 secs)

and in the Junior 440 yds relay (R.H.S. team 3rd).

Despite our few places (and the rain) the sports were most enjoyable and proved to be a good warm-up for the Inter-Secondary meeting.

BOYS' INTER-SECONDARY ATHLETICS MEETING

A week after the wet day at Pukekohe a similar day prevailed for the Boys' Inter-Secondary Schools' Athletic Meeting at Northcote College. Despite the cold wind and the wet track our boys put up some good races and gained a reasonable number of places.

Results:

Senior Long Jump, J. Gomas, 4th.
Junior Hurdles, B. Milham, 1st (14.7 secs.).
Long Jump, T. Moorhead, 2nd.
Shot, M. Shepherd, 2nd (39ft. 4in.); S. Perkinson, 3rd (38ft. 6½in.).
220 Yards, R. Compton, 3rd.
440 Yards, M. Donaldson, 5th.
Relay, Rutherford H.S., 2nd.
Discus, M. Shepherd, 2nd (114ft. 0½in.)

Place in Competition:

Senior 10th, Intermediate 11th, Junior 1st;
Overall place 7th.

The team was:

Senior: J. Gomas, G. Midgley.
Intermediate: C. Clayton, J. McDonald, M. Pook, J. Pugh, B. Worden, M. McVicker, C. Homer.
Junior: R. Compton, M. Donaldson, B. Milham, T. Moorhead, S. Perkinson, N. Rawlins, M. Shepherd, T. Swallow.

INDIVIDUALS' ATHLETICS CHAMPIONSHIP MEETING

For the final athletic meeting in the first term, the conditions at Eden Park on Wednesday, April 10th, were near perfect. Although only place-getters from Inter-Secondary Sports competed, our whole athletics team went along to encourage our participants. Our representatives were:

Senior: J. Gomas.
Junior: B. Milham, T. Moorhead, M. Shepherd, R. Compton.

Results:

Junior Shot Put, M. Shepherd 2nd; Long Jump, T. Moorhead 3rd.

GIRLS ATHLETICS

Junior and Intermediate teams were entered in the Auckland Inter-Secondary School Girls' Athletics Meeting held at the Otahuhu College

Memorial Ground on Saturday, 30th March, 1963. It was a cool day with drizzling rain which made the ground soft and very difficult for girls without running shoes.

In the Junior Section, Jill Prisk was placed 3rd in her heat of the 100 yards but was unplaced in the semifinals. The relay team, Jill Prisk, Yvonne Willering, Marilyn McKenzie and Margaret Wilson, gained 3rd place in its heat.

In the Intermediate Section, Marianne Sinclair was placed first in her heat of the 100 yards, second in the semi-finals, but was unplaced in the final. Although the run-up to the Broad Jump was in poor condition, Marianne was placed 3rd with a jump of 15' 2½". The relay team, Jennifer Wylie, Jennifer Blakely, Annette Rehm and Marianne Sinclair, was third in its heat.

The teams were:

Intermediate:

Marianne Sinclair (Capt.), Wendy Sayer, Annette Rehm, Carol Sayer, Jennifer Wylie, Judith Wilson, Jennifer Blakely.

Junior:

Kay Brawn, Yvonne Willering, Margaret Wilson, Marilyn McKenzie, Jill Prisk, Margaret Russell, Heather Pook.

ROAD RACE

This year new courses were run to avoid having to cross Te Atatu Road with its increasing volume of traffic.

The Juniors ran to Taikata Road and back through Neil Avenue, while the Intermediates and Seniors took the Kervil Avenue route on the homeward journey. These shortened courses still give a reasonable test of fitness whether the participants are of the 'harrier' class or of the 'joggers' club. Times of course cannot be compared with those of 1962, but it is felt that the winning performances are every bit as good as, if not better than last year's.

Junior:

R. Jones (Ws) and R. Black (Bn), 1; Time: 17 min. 44 sec; G. Stainton (Bn), 3.

Intermediate:

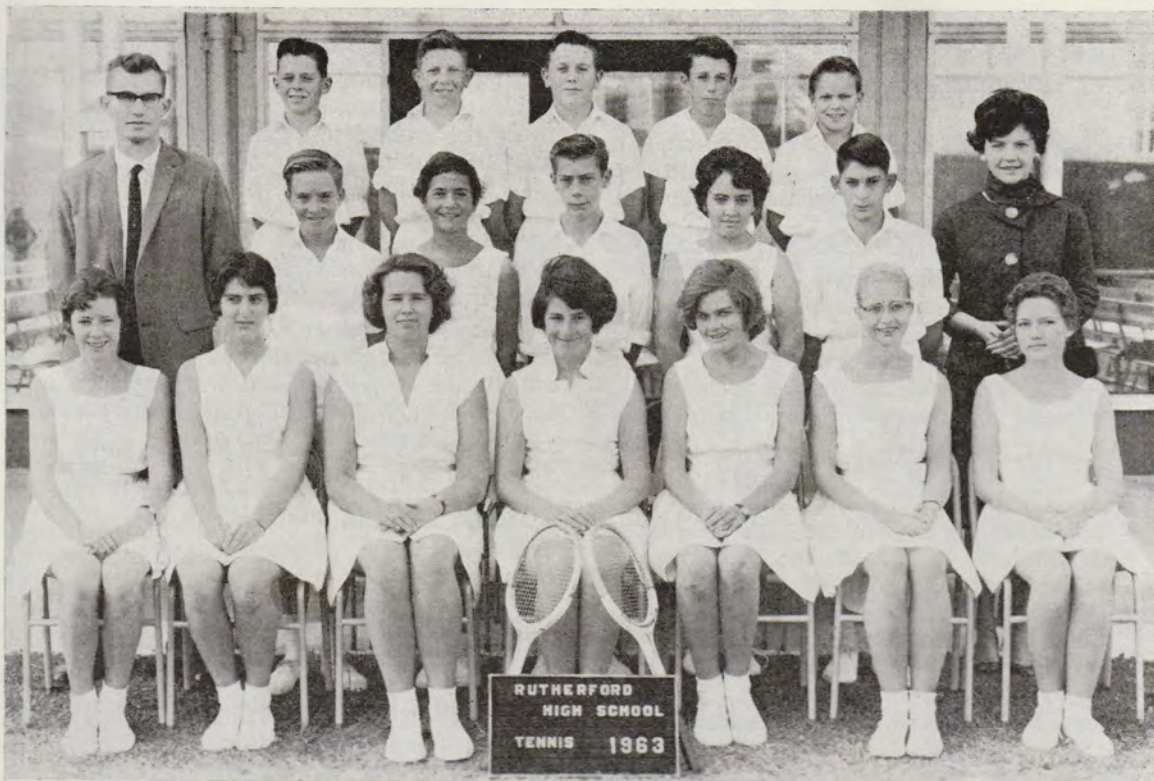

P. Croft (Ws) 1, Time: 21 min. 11 sec; D. Langston (Bn), 2; G. Hughes (Lk) 3.

Senior:

M. Sinton (Bn), 1, Time: 22 min. 3 sec; M. Chappell (Wg), 2; M. McVicker (Wg), 3.

House Points:

	Junior	Intermed.	Senior	Total
Batten	44	41	24	109
Lovelock	38	40	31	109
Wilding	38	24	26	88
Williams	30	45	33	108

TENNIS

Back Row: Mr Pryor, S. Collier, L. Barr, G. Patrick, S. Milne, L. Sibley, Mrs Stratford.
Middle Row: N. Jenkin, Gail Yelavich, P. Hunt, Dianne Wolfsbauer, C. Brownlees.
Front Row: Kay Holmes, Elaine Brannigan, Diane Smith, Jennifer Wylie, Sandra Hills, Dianne L'Amie, Barbara Nixon.

TENNIS

Two teams were again entered in the Inter-Secondary Schools' Tennis Competition, a girls' team in the Intermediate C grade and a boys' in the Junior C grade. Both teams had some good wins, particularly the boys who show considerable promise. Next year we hope to have eight courts available, and with the enthusiasm evident among the junior players, the school will probably be able to field several more teams.

Boys' Team:

C. Brownlees (Captain), S. Milne, G. Patrick, P. Hunt, L. Sibley, S. Collier, L. Barr, N. Jenkin, D. Pindur, J. Marsh, M. Hutton, R. Lee.

Played 7 games: Won 6, Lost 1, Won 2 by default.

Girls' Team:

Jennifer Wylie (Captain), Diane L'Amie, Diane Wolfsbauer, Barbara Nixon, Dianne Smith, Kaye Holmes, Kay Brawn, Sandra Hills, Gail Yelavich.

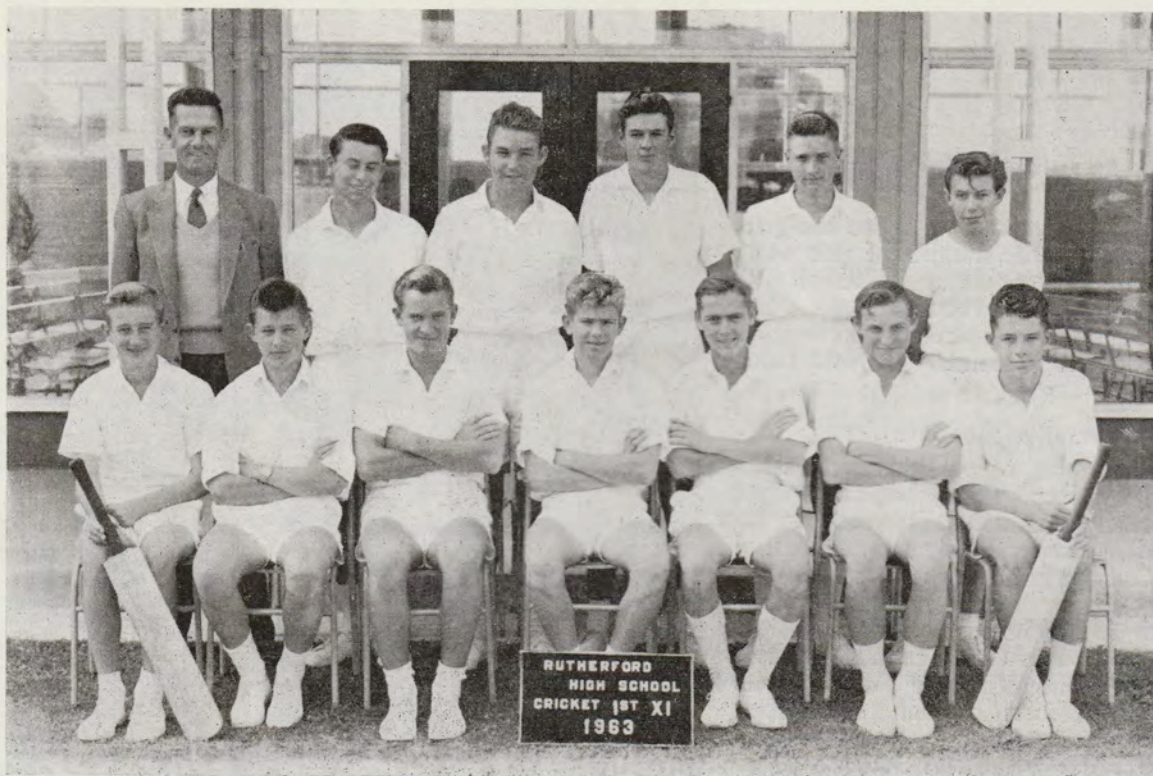

Played 6 games: Won 3, Lost 3, Won 1 by default.

THE GYMNASTIC CLUB

The Gymnastic Club began in the second term when winter sports began. The club was organised by Mrs Warren with the help of Gail MacDonell. We were also fortunate enough to have the help of Miss Spence and Miss MacArthur, who coached us while she was teaching here and also came out from Training College on one Wednesday afternoon, and Mrs de Heus, the supervisor of Physical Education.

The Club entered a team in the Auckland Inter-Secondary Rhythmic Dancing and Gymnastic Competitions. The team was to have consisted of six girls, but as the competition loomed nearer the number was dropped to four by the Competition Manager.

The final team consisted of Marianne Sinclair, Faye Rose, Beverley O'Shea and Gail MacDonell. We did not gain a place in the competition, but enjoyed ourselves immensely once we stopped being nervous. This is the first time we have entered in the Gymnastic Competition. We made friends with Gymnasts from other schools and we are looking forward to next year's competition where we hope we shall do better.

1st CRICKET XI

Back Row: Mr A. G. Moorhead, J. Gomas, I. Milne, A. Learmonth, W. Jones, G. Copestake.
 Front Row: N. Barbour, K. Borich, T. Moorhead (Vice-Capt.), J. Reid (Capt.), B. Ambridge, C. Flack, G. Stainton.

CRICKET

FIRST XI

In the play-off for the top two teams of each 5th grade section, our first XI defeated Tamaki College on the first innings by 74 runs.

This game brought to a close a very successful season in which the undefeated record of the team was:

Played 8 games, Won outright 4, Won on 1st innings 3, Drew 1 (rain abandoned play), Lost 0.

Playing in the 4th Grade Section for the 1963 season, the 1st XI was again successful.

Results to date:

Played 3 games, Won on 1st innings 3, Lost 0.

Contributing factors to the success of the team have been the fine opening partnerships of G. Stainton and K. Borich and the fast attack bowling of T. Moorhead well supported by G. Stainton and W. Jones.

SECOND XI

This team started off well on its first full year of play. At the end of the first term we were leading in the championship and our hopes are high for the third term. Chappell, Compton, Hamilton, Davis and Williams all hit up good scores while Chappell, Compton and Davis in particular were responsible for some good bowling performances, Chappell on one occasion taking 5 wickets for 4 runs.

Results:

R.H.S. v. Kelston High School — Outright win for R.H.S.

R.H.S. v. Westlake High School — Win on 1st innings to R.H.S.

R.H.S. v. Marcellin College — R.H.S. lost on 1st innings by 1 run.

Team:

M. Chappell (Captain), T. Barrie, J. Browne, R. Compton, W. Crisp, J. Davis, T. Earl, D. Hamilton, R. Lee, B. Morris, G. Murdoch, K. Phyn, A. Strid, R. Williams, R. Woodard, G. Yearbury.

BASKETBALL

It was encouraging to see the great increase in the number of girls wanting to play Saturday Basketball this year. Instead of two teams as we had last year, we were able to enter seven in the Inter-Secondary Schools' Competition.

Representative Honours:

A number of our girls were selected for Rep. Trials, but most were gradually eliminated. However, the experience was valuable for them all.

Our congratulations go to Marianne Sinclair, one of the only two school-girls to be chosen as Reps. in the D grade, and to Gail Yelavich, Beverley O'Shea and Vivienne Barbour who were members of the Junior Rep. Teams.

For the A team the season began with a very good win of 18-4 over Selwyn College. This helped to give us confidence in our new grade, which was six grades higher than last year. We maintained an unbeaten record until we met Queen Victoria School who bet us 13-12 in what was perhaps our most exciting match this season. Our other loss was against Papakura, but we won the majority of our games.

The B Team had a very successful season in the Saturday competition, playing 11 games and winning by a comfortable margin in every case.

B Team:

Carol Cater (Capt.), Jill Ferguson, Mavis Cooney, Pamela Gainsford, Suzanne Fleming, Heather Pook and Jennifer Rumble.

Kaipara College:

The A and B teams began early in the season with a trip to Helensville to play Kaipara College. We found the games very valuable as a "warm-up" for the season.

A team lost 11-17.

B team won 14-11.

BASKETBALL "A"

Back Row: Colleen Hagan, Marie O'Leary, Marilyn Williams.
Middle Row: Doreen Ellice, Miss F. Cotton, Marianne Sinclair.
Front Row: Louise Abbott, Sheryl Sparnon, Jill Ferguson.

Henderson High School:

In July we had a visit from all the Henderson teams, and teams A to F played. The overall result was a win for Rutherford High School. The B, C, D, E and F teams won their matches, but Henderson A, playing a much faster game, proved superior to our A team.

Kaipara College: Return Visit

On July 31st we had a return visit from Kaipara A and B teams. The teams were more closely matched this time and we lost by the narrow margin of one goal, 17 to 18. The B again won 15 to 7.

Dargaville Visit:

This was the highlight of the season – socially anyway! Unfortunately we had to play in heavy rain and this slowed up the games considerably. A team lost 8-15.

The B team, with Jill Ferguson playing in the A's, was much weaker than usual, and also lost, 5-11. In the evening there was a social which we all enjoyed. We set off on the return trip next day, laden with toheroas and fruit from our Dargaville hosts.

Finally we should all like to thank Miss Cotton for giving up so much of her spare time to coaching us this year.

C TEAM

The team started off badly but soon picked up, having more wins than losses. The girls combined well once they got the run of things and we felt very pleased when we won a game 39-0.

We had only two unfortunate mishaps, one a broken wrist and one day's game in the wind and rain.

Team: Barbara Nixon (Captain), Alma Taylor (Vice-Captain), Jennifer Wylie, Lynette Wilson, Joy Taylor, Kathryn Forster, Carol Marshall.

D TEAM

The girls in the team played well and enjoyed their games. Despite many changes the team still played well. It was hard competition but we all had fun.

We would like to thank Miss Blyth for her work in coaching us, and for her encouragement.

Team: Marie Langdon (Captain), Doreen Ellice (Vice-Captain), Lesley Hay, Sandra Hills, Denise Kelsall, Brenda Pearman, Raewyn Saunders.

E TEAM

The girls played eight Saturday competition games, won three, lost three and drew two. Beverley O'Shea and Gail Yelavich were chosen to represent Auckland in their grade.

Team: Beverley O'Shea (Capt.), Sally Browne (Vice-Capt.), Deborah Bartlett, Shirlene Diver, Sandra Murray, Rayna Beaton, Gail Yelavich.

F TEAM

The F team had a very successful season, winning all its Saturday competition games. A keen team spirit prevailed throughout the season. Vivienne Barbour was chosen to represent Auckland in her grade.

Team: Beverley Williams (Capt.), Vivienne Barbour (Vice-Capt.), Jean Midgley, Elaine Brannigan, Beverley Crisp, Susan Irvine, Kaye Holmes.

G TEAM

We played nine games altogether and won seven of these by beating such teams as Papatotote, Auckland Girls' Grammar, Henderson and Lynfield. We drew with one team and had one loss – to Onehunga.

We should like to thank our coaches Miss Taylor and Miss Stillman. The team played well as the results show and we had an enjoyable season.

Team: Judith Simpson, Leigh McGregor (Capt.), Lois McConnochie, Gail Hill, Jennifer Blakely, Kay Brawn and Nieske Blaauwbroeck. The reserves were Donna Papps and Jill Tate.

Special thanks from all the basketball girls go to Mr and Mrs Greenhalgh who provided our transport to Windmill Road, and to Mrs Stratford who organised the lavish afternoon teas we, as well as our visitors, enjoyed this season.

1st XV RUGBY

Back Row: K. Dunn, G. Murdoch, C. Homer, T. Beaton.
Middle Row: I. Milne, J. Culverwell, A. Learmonth, Mr Berridge, M. Shepherd, J. McDonald, G. Midgley.
Front Row: M. Sinton, K. Jones, J. Pugh, M. McVicker (captain), M. Skilton, T. Moorhead, J. Cullum.

RUGBY

FIRST XV

This year the 1st XV had a very successful season in the 2C Grade which it won. Twelve games were played in all, eleven being won and one drawn.

The team led the first round by a fair margin then went into the knock-out, winning the two games played. The third game was defaulted as a trip to Dargaville had been arranged for that week. The final game in the competition was against King's College and in an exciting game the team won 6-0. During the season the team scored 140 points with only 29 scored against it.

The 1st XV played three other games, two against Kaipara College, both of which were lost, and one against Dargaville High School which was won in extremely wet conditions.

The coach again this year was Mr Berridge and the players' thanks go to him for a most enjoyable and successful season.

The team would like to express its appreciation of the wonderful support given by some of the parents during the season. A considerable amount of travelling was done and without the parental support (vocal and vehicular) the season would have been quite difficult.

Next year entry will be made into the 1B or 2A competition, depending on the availability of suitable players. Either of these grades would be of a much higher standard than 2C.

Our congratulations go to the other School teams, particularly the 6C Rugby team which earned promotion to 6B during the season.

A very enjoyable visit was made to Dargaville where our much lighter team found the wet slippery conditions easier to handle, and with every player rising to the occasion, pulled off a very good 8-6 win.

The return visit made by Kaipara College was a welcome break from School routine, and proved a very useful yard-stick. Kaipara showed excellent combination and backing-up ability which proved too good for us, although we put up a better show in the second game. The scores were 3-31 and 13-29 respectively. Mrs Stratford's and the Homcraft girls' efforts in the catering line were much appreciated by visitors and home players alike.

SECOND XV

In the 3rd Grade Competition the team met with fluctuating success. In the forwards, T. Swallow and B. Worden toiled meritoriously

while R. Small, the hooker, performed with credit. In the backs, M. Chappell was the outstanding player, contributing most of the team's points. The team would like to thank Mr Moorhead for his enthusiastic and skilful coaching.

During the season, two games were played against Kaipara College. The visitors showed a definite superiority and they emerged the victors on both occasions.

Team: M. Chappell (Capt.), B. Worden (Vice-Capt.), T. Swallow, M. Earl, P. Addis, R. Orton, G. Probert, A. Kevey, R. Smith, S. Chalcraft, C. Brady, I. McGregor, G. Scott, D. Hunt, C. Barrie, M. Nobilo, K. Collins, H. Van Sitter, R. Small, A. Shekell.

Results:

Played 10 games, Won 4, Lost 6.

FOURTH GRADE RUGBY

The School's first 4th Grade Rugby team had a successful season, winning 5 and drawing 1 of its 9 games in the 4C section of the competition. Two other games were played at the end of the season, one against Lynfield College and one against Henderson High School but both of these were lost. The forwards led by Hagan toiled relentlessly in all sorts of conditions (mostly wet and heavy) while a fast, reliable backline was responsible for some fine tries until it was broken up when the Captain, Stainton, had his arm broken in the deciding match of the competition.

Croft was responsible for expertly kicking 20 of our points with conversions and penalties.

The team would like to thank Mr Pryor for his skilful coaching, and the parents who gave it their support and encouragement and also supplied transport.

Results:

Played 11, Won 5, Lost 5, Drew 1.

Points: For 71, Against 47.

Team: G. Stainton (Capt.), J. Hagan (Vice-Captain), K. Borich, A. Burney, P. Croft, A. Dorset, P. Hart, J. Hitch, D. Honey, A. McEwen, R. Manifold, D. Merson, T. Mortensen, B. Neilsen, N. Nixon, G. Patrick, J. Reid, J. Schischka, B. Sinclair, R. Williams.

SIXTH GRADE RUGBY

In the C section, the 6th Grade, expertly coached by Mr Nairn, won all of their nine games, but when promoted to the B section, lost 1 game and drew 1.

After taking a little time to settle down early in the season, the forwards combined and worked well to make a solid pack ably led by C. Strid.

Other outstanding forwards were G. Eades and D. Langston.

The backs were led by R. Jones, who was the first person to score on the newly opened Rutherford Rugby fields.

Many tries were scored by N. Jenkins, who was greatly aided by L. Barr's clever cross-kicking. Ray Black, the fullback, converted many of these tries.

Result:

Played 11, Won 9, Lost 1, Drew 1.

Points for 202, Points against 19.

Team: R. Jones (Capt.), C. Strid (Vice-Capt.), L. Barr, R. Black, G. Blakely, C. Brownlees, G. Eades, P. Hunt, N. Jenkin, G. Krissansen, D. Langston, G. McCarroll, J. McVicker, B. Morris, N. Morris, J. Nixon, K. Phyn, A. Strid, N. Strom, D. Wakefield.

INTER-SECONDARY SCHOOLS' STEEPLECHASE

Held at St. Kentigern College course, the annual steeplechase on September 28th was an unhappy event for our team. A series of misfortunes saw the Intermediate team start the race with only four runners, one of whom had to drop out on the second circuit. As a result, the Intermediate team could not qualify for the competition. D. Langston, however, in taking 11th place, showed that he had the stamina and pace for this tough course.

The Senior team fared little better than the Intermediates. Of the six who started, five finished, and although all were fairly well up on the first circuit, the second time round took its toll.

RELAY CHAMPIONSHIPS

The Championships were held at Tamaki College on the morning of the 12th October in almost summer conditions and little wind. Our team competed in the Intermediate and Senior sections only, and while we thought that the team would hold its own in the competition we did not reckon on such fierce opposition. As the results proved, other schools had much stronger teams than ours and it was no disgrace to be beaten by them. On the bus coming home, the pervading thought was, "Not enough practice! Not fit! Next year, we'll really get fit and then we'll show them!"

Results:

Intermediate Shot Put, 2nd (108ft. 1½in.); 4 x 220 Relay, 2nd.

GIRLS' HOCKEY

Back Row: Robyn Battersby, Susan Jacobi, Pauline Hughes, Beryl Dodd, Leonora Phynn Mr Evans.
Front Row: Lynette McCurdy, Sylvia Jolly, Kay Smart, Dianne Wolfsbauer (Capt.), Heather Durrant, Janet Coates, Janice Brailey.

HOCKEY

GIRLS' HOCKEY

This is the first year the Girls' Hockey Team has played in the Secondary School competition. With only a limited number of girls we were not exactly bursting with confidence as we stepped on to the field for our first competitive game against Kelston. To our delight we won 9-0; thus we were more hopeful of success in the remaining games. Our season went well and the more competitive games we won, the more enthusiastic we all became. Had it not been for the team spirit we would not have done as well as we did in scoring 54 goals with 4 scored against us. Much of the credit goes to our goal-keeper Heather Durrant who with her heavy boot got us out of a lot of trouble.

We played two friendly games against Kaipara College. The first game we lost 12-0, but on a return visit we were more experienced and were only beaten 4-2. Towards the end of the season Dargaville visited us and gave us some stern opposition; but under grim conditions we played one of our best matches and were beaten only 1-0.

Overall we had a most enjoyable season. Our success would not have been possible without the coaching from Mr Evans and the encouragement from other members of the staff.

Team: Diane Wolfsbauer (Capt.), Robin Battersby, Janice Brailey, Janet Coates, Beryl Dodd, Heather Durrant, Pauline Hughes, Susan Jacobi, Sylvia Jolly, Cheryl Lockie, Lynette McCurdy, Leonora Phyn, Kay Smart, Annette Rehm.

Results: Played 9, Won 9.

Goals: For 54, Against 4.

BOYS' HOCKEY

Playing in the Auckland Secondary Schools' Hockey Association Third grade (B section), our team had a reasonably successful season. The team had its ups and downs but a steady improvement in play was apparent in all sections. Our best game was, without a doubt, against Kelston when despite our 1-2 loss the team showed the best passing, circle attack, solid defence and teamwork in any match of the season.

BOYS' HOCKEY

Back Row: S. Milne, S. Maurice, A. Moore, W. Crisp, G. Carter, Mr A. S. Morton.
 Front Row: L. Sibley, D. Garrett, A. Ryan (Vice-Capt.), R. Jeffs (Capt.), P. Moore, G. Wadsworth, J. McCurdy.

Results:

Played 10, Won 5, Lost 5. Won 1 by default.
 Goals: For 24, Against 34.

Dargaville Visit:

Our school field was used for the first time on Saturday, August 10, when we played Dargaville High School. Torrential rain made the ground a quagmire and the match became more a test of finding the ball in the mud than playing hockey. Dargaville had the upper hand in these

conditions, but Rutherford fought back strongly throughout the game.

Result: Dargaville 1, Rutherford 0.

We appreciate the time, energy and skill that Mr A. S. Morton devoted to coaching our team.

Team:

R. Jeffs (Capt.), A. Ryan (Vice-Capt.), L. Sibley, J. McCurdy, R. Callinan, A. Moore, S. Maurice, W. Crisp, S. Milne, G. Wadsworth, D. Garrett, G. Carter, P. Moore.

1st XI SOCCER

Back Row: B. Cullinane, W. Jones, P. Ockleford, M. Donaldson, A. Medcalf, B. Lawrence, G. Matthews, Mr R. Warren (coach).
Front Row: D. Taylor, D. Carroll, J. Gomas (vice-capt.), G. Hughes (capt.), A. Vickers, C. Flack, K. Farlow.

SOCCER

FIRST XI

Our team, which consisted of three third formers, five fourth formers and only five fifth formers, was entered in the Intermediate A division where it played against teams from bigger schools consisting of all fifth formers. Despite these disadvantages we won 5 out of 9 games, drawing 1 and losing 3 in the championship. Unfortunately we were eliminated in the first round of the knockout.

After starting the season with good wins against Seddon, Mt. Albert, Onehunga and Kelston we were beaten decisively by Takapuna. After this, the team never seemed to get going despite several lunch hour sessions with Bert Ormond, the Auckland and New Zealand representative.

Our thanks are due to Mr Warren who coached us so enthusiastically, and to Mr Ormond who gave up several of his lunch hours while he was working at the school and also came to watch the team play on Saturdays.

Thanks also to the parents who attended the games giving the team valuable support particularly Mr Jones who helped so frequently with transport and refereeing.

Unfortunately it was not possible to arrange a weekend trip to another school but this gap was partly filled by the two matches with Kaipara College. The team was successful in winning both these fixtures against a young side, the first 5-1 and the return game on our own ground 6-0.

Three boys were nominated for the under 16 Auckland representatives – G. Hughes, W. Jones and J. Gomas. The latter reached the final trial and narrowly missed selection.

Goal Scorers:

Hughes 6, Taylor 4, Flack 3, Jones 2, Cullinane 1, Carroll 2, Vickers 1.

Results:

Played 10, Won 5, Lost 4, Drew 1.

Goals: For 19, Against 18.

Team: G. Hughes (Captain), J. Gomas (Vice-Captain), D. Carroll, B. Cullinane, M. Donaldson, K. Farlow, C. Flack, W. Jones, B. Lawrence, G. Matthews, A. Medcalf, P. Ockleford, D. Taylor, A. Vickers.

SECOND XI

Although the Second XI won only four of the dozen or so games played, the play was of a fairly high standard and team spirit never once de-

clined. Near the end of the season they beat Kelston High School in a knockout match but were themselves beaten 4-0 in the following game, against Westlake High School.

This last game was played in the worst conditions possible, with strong winds and light rain blowing across the thick mud and slush of the field. The Westlake team was obviously accustomed to its hilltop field in this condition and it soon became a mud-caked massacre. Our team was hardly able to stand, while the experienced Westlake team just pounded goal after goal. This ended our competitive season.

We would like to thank Mr Neil for the time he has given to managing our team.

Team: R. Macmillan (Captain), B. Lawrence, M. Pook, T. Shadbolt, B. Wiblin, G. Yearbury, R. White, J. Browne, M. Higson, C. Jones, R. Delgrosso, K. Farlow, N. Rawlins, D. Lang, H. MacVicar, J. Mayne.

Results:

Played 9, Won 4, Lost 4, Drew 1.

JUNIOR TEAM

The Junior Soccer team had an enjoyable season playing 10 games in the B section of the Secondary Schools' competition. We would like to thank Mr White for his able coaching.

Team: B. Milham (Capt.), D. Pindur (Vice-Capt.), D. Cattin, J. Chetwynd, P. Donoghue, G. Haslip, A. Simpson, W. Vincent, M. Curreen, R. Vellenoweth, J. Smart, R. Compton, R. Maurice, K. Williams.

Results:

Played 10, Won 5, Lost 3, Drew 2, Lost 1 game by default.

Goals: For 27, Against 14.

RHYTHMIC DANCING

The Rhythmic Dancing team which entered in the Auckland Inter-Secondary Rhythmic Dancing and Gymnastics Competitions was composed of seven girls: Fiona Tackaberry, Shirlene Diver, Kay Smart, Ann Butler, Maryann Brosnan, Lynette Johnston and Dianne Green. The team was chosen about two months before the competition, and spent many hours practising under the supervision of Mrs Warren. The Compulsory Dance was performed to part of the Fourth Movement of Dvorak's Fifth Symphony in E Minor, and the music we chose for our Voluntary Dance was the theme from 'Exodus'.

The competitions were held on the 12th of October in the Y.M.C. Hall. Twenty-one schools

entered in this part of the competition and although we did not gain a place in the first three, our marks were much better than they were last year.

THE DRAMA CLUB

This year the drama club presented a one act play 'The Ugly Duckling' by A. A. Milne. The members of the cast were young and inexperienced but enjoyed themselves immensely. The mothers of the cast are to be thanked for the imaginative job they made of the costumes designed from illustrations in history books.

We hope to put on a more ambitious play next year and we will try to arrange practice times so that senior pupils will be able to take part.

TRAVEL CLUB

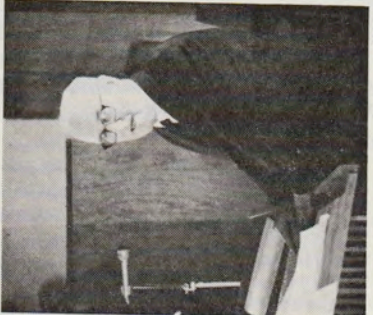

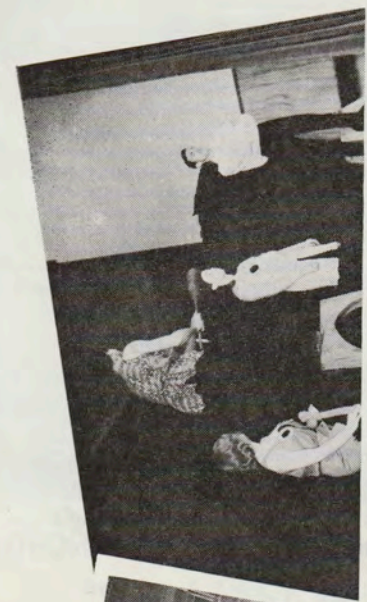

Eight girls and twenty-four boys met for an hour each week of the Second Term to further their interest in travel. Mrs Reinheimer conducted the club and Pam Ainsworth acted as secretary.

After club members had discussed their own travels in New Zealand and the Pacific Islands they enjoyed a series of most interesting illustrated talks about places further afield. Mr Clark took them to New York, Mr Barton to Sydney, Miss Spence through the East to Russia, Miss Blyth to Scotland and Mrs Reinheimer to England and back by sea, on the Continent of Europe and by the "Mariposa" to Australia.

Friends of the school who entertained the club were Mr A. A. Kirk, with his impressive slides of his recent World tour, Mr D. Finnigan, just back from Hong Kong, Thailand and India, and Mr S. Levy of Avondale College.

Several programmes of films were shown by courtesy of the National Film Library and a visit paid to R.M.S. "Rangitane".

Warmest thanks are extended to all who shared with club members their travel experiences and to Mr Coldham and members of the Visual Aids Club for working the film projectors.
